STATEMENT OF OBJECTS AND REASONS

After the nationalisation of coal mines in India under the Coking Coal Mines (Nationalisation) Act, 1972 and the Coal Mines (Nationalisation) Act, 1973, it was brought to light that certain provisions of these Acts needed clarification. It is, therefore, necessary to suitably amend these Acts with a view to removing the ambiguities as well as certain practical difficulties which have come to light in the implementation thereof. The main amendments are as follows:—

- (a) As doubts were expressed whether certain amounts like dues on account of the sale of coal and coal products effected before the date of nationalisation of coking coal mines and coal mines, subsidies due for the pre-nationalisation period and earnest monies and security deposits made by the owners of coal mines with the various authorities were covered by the exception to the assets vesting in the Government on nationalisation, it is proposed to clarify in the said Acts that current assets vesting in the Government do not include such amounts.
- (b) The said Acts do not specify the interest rate admissible on the claimed amounts after the appointed day. In the absence of such a provision, the secured creditors have included in their claims interest at very high rates which, if allowed, will deprive the lower priority creditors, mostly Government organisations and small suppliers. It is, therefore, proposed to insert a new section in each of the said Acts to provide that the interest payable on such amounts shall be at such rate not exceeding the rate of interest accruing on any amount deposited by the Commissioner of Payments with a nationalised bank or in the Public Account of India as required under the said Acts.
- (c) It is proposed to empower the Commissioner of Payments—
 - (i) to authorise the persons appointed to assist him under the Coking Coal Mines (Nationalisation) Act, 1972 to exercise all or any of the powers exercisable by him under the Act. Such a provision already exists in the Coal Mines (Nationalisation) Act, 1973;
 - (ii) to transfer cases from one Assistant Commissioner to another or to himself;
 - (iii) to issue a notification inviting the owners, managing contractors and such other persons who are owners of any machinery, equipment or other property which has vested in the Central Government or a Government company under the Act and which does not belong to the colliery owners to apply for the residuary amount lying with the Commissioner of Payments after settling all the claims.
- (d) It is proposed to legalise joint claims filed by workers through Trade Unions or through the officers under the Chief Labour Commissioner (Central) against the colliery owners.

- (e) Such of the claims as had not been time-barred on the relevant date when the management of the coal mines was taken over by Government and had been filed before the specified dates but had been rejected merely on the ground that such claims had become time-barred are proposed to be restored and dealt with.
- (f) It is proposed to prescribe a period of sixty days within which appeals against the decisions of the Commissioner of Payments have to be filed and to apply the relevant provisions of the Limitation Act, 1963, to such appeals. It is also proposed to extend the right of appeal to the colliery owners.
- (g) It is proposed to provide that the period of three years after which undisbursed amounts shall revert to the general revenue account should be counted from the date on which the last order for disbursement was made by the Commissioner of Payments and not from the date on which the amount was paid by the Government to the Commissioner.
- (h) With a view to dealing effectively with persons who indulge in illegal mining of coal, it is proposed to amend sub-section (2) of section 30 of the Coal Mines (Nationalisation) Act, 1973, by enhancing the punishment of imprisonment from two years to three years and of fine from ten thousand rupees to twenty thousand rupees.

2. The Bill seeks to achieve the above objects.
